THE SUMMER CAMP THAT MAKES THE DIFFERENCE

Find out why over 2000 wrestlers from 23 states and 5 foreign countries come to the Wrestling Prep Summer Camp annually! Coach Carolyn goes in-depth with technique and drilling with our graduated learning system in small groups. Learn what works for you with body-type and movement ability analysis. After you've got it all figured out, practice in real time during the live competitive wrestling sessions! To top it all off, we have sessions going over the things that make the difference in the big picture: Making competition weight, nutrition, college recruiting, college prep, and other topics mandatory for all of our campers!
